

A digital clock with a 24-hour format. The display shows the time as 22:22:22.22. A red digital dot is positioned at the end of the seconds column, indicating the current second. The digits are rendered in a white, blocky font against a dark background. The background features a subtle geometric pattern of hexagons.

The image displays a continuous, three-dimensional pattern of hexagonal cells. Each hexagon is composed of a dark gray outer layer and a white center. The pattern is organized into three distinct horizontal bands. The top band consists of a single row of hexagons. The middle band is more complex, featuring a staggered arrangement where each hexagon overlaps the one directly below it. The bottom band follows a similar staggered pattern, creating a sense of depth and texture. The lighting is subtle, highlighting the geometric edges and the central voids of each hexagon.

A large digital display showing the number 88. The digits are formed by white segments on a dark blue background, with a diagonal line running through the top digit.

The logo consists of the lowercase letters "iaog" in a bold, white, sans-serif font. The letter "i" has a small square above it. Below the letters, the words "European Business School" are written in a smaller, white, sans-serif font.
