

A digital clock with a 24-hour format displays the time as 22:22:22.22. The digits are rendered in a white, blocky font against a dark gray background. A red digital dot is positioned at the end of the seconds column, indicating the current second. The background features a subtle geometric pattern of hexagons.

The image displays a three-dimensional geometric pattern composed of three identical horizontal layers. Each layer features a grid of dark gray, faceted hexagonal cells. Within these hexagons, there are white, triangular cutouts that create a sense of depth and light. The pattern is rendered in a monochromatic palette of dark grays and white, giving it a minimalist and modern aesthetic.

A large digital display showing the number 88. The digits are formed by white segments on a dark blue background, with a diagonal line running through the top digit.
